QUICK EXIT

Rainbow Care Clinic

Rainbow Care Clinic is founded on the principle that you are the authority of your body & your life and it is your right to make your own choices about your body & your life (within the legal limits of age & capacity to consent)

Gender affirming hormonal care

* Gender affirming hormonal care, including initiation and ongoing management for adults (>18)

* Informed consent model of care

* In person (Hobart) & video consultations available

* Patient centred & personalised care

* Oestrogen implants

Please note: Rainbow Care Clinic is not a full service GP clinic and you will need to have a regular GP for your non-hormonal / gender affirming care needs

About Rainbow Care

Rainbow Care Clinic is a gender affirming hormone therapy service provided by **Dr Holly Inglis**, a specialist general practitioner. Dr Holly practices under the **informed consent**, or affirmation enablement, model of gender affirming health care, placing autonomy and self-determination front and centre of the gender affirmation journey.

Gender affirming care services include:

- full medical assessment & work up
- initiation of hormonal care
- continued hormone prescribing if already on treatment
- holistic & personalised care through-out your hormonal gender affirmation process
- long-term care
- collaborative care with your regular GP
- oestrogen implant insertion (Hobart only)
- testosterone injection administration (Hobart only)

Informed consent model

Dr Holly practices in accordance with the AUSPATH Australian Informed Consent Standards of Care for Gender Affirming Hormonal Therapy.

Informed consent is an individual's decision, given voluntarily, to agree to a healthcare treatment, procedure or other intervention that is made ...

- following the provision of accurate and relevant information about the health care intervention and alternative options available; and

- with adequate knowledge of the benefits and material risks of the proposed intervention relevant to the individual who would be having the treatment, procedure or other intervention

The Australian Commission on Safety and Quality in Health care (2020)

Human rights

"*Everyone has the right to the highest attainable standard of physical and mental health, without discrimination on the basis of sexual orientation or gender identity. Sexual and reproductive health is a fundamental aspect of this right*"

Principle 17, Yogyakarta Principles+10 (2017)

Dr Holly practices in accordance with Transgender Europe's Guidelines to Human Rights-based Trans-specific Healthcare, where they apply to the individual practitioner setting, following principles of:

- Non-discrimination
- Bodily integrity, bodily autonomy & informed consent
- Freedom from torture and degrading and inhuman treatment
- Free self-determination of gender
- Quality, specialised and decentralised care
- Right to decide on number and spacing of own children
